

DRAFT TRANSFORMING BIODIVERSITY CONFERENCE SCHEDULE

CONFERENCE PROGRAMME - DAY 1

TUESDAY 14 NOVEMBER	
7:45 - 8:15AM	REGISTRATION
ROOM	THE BALLROOM
8:15	POWHIRI AND WELCOME Please assemble outside the venue by 8:15
Why is transformation for biodiversity necessary?	
9:00	OPENING ADDRESS
9:30	Ruud Kleinpaste The Bug Man and Cape to City Ambassador Biodiversity: it's an urgent matter
10:00	Lou Sanson Department of Conservation The National conservation context
10:30-11:00AM	MORNING TEA - SMALL EXHIBITION HALL
How do we achieve transformation?	
11:00	Ed Chignell CEO of Predator Free2050 Ltd
11:30	Andrea Byrom Director of the Biological Heritage National Science Challenge The role of large projects and the importance of research
11:50	Bruce Wills past National President of Federated Farmers Big picture farming trends and the importance of farmland and biodiversity recovery
12:10	Al Bramley CEO Zero Invasive Predators Ltd
12:30	Paul Atkins CEO Zealandia
12:50-1:45PM	LUNCH - SMALL EXHIBITION HALL
It's as much about the people as it is about pests	
1:45	Des Ratima Te Taiao - Maori engagement
2:15	Jamie Ataria Maori leadership
2:45	Edy MacDonald Manager of Social Science Department of Conservation Understanding New Zealanders perceptions of novel pest control - a values based approach
3:15-3:45PM	AFTERNOON TEA - SMALL EXHIBITION HALL
3:45	Charles Daugherty Chair of Hawke's Bay Biodiversity Strategy Hawkes Bay Biodiversity at a Crossroads
Cape to City and Poutiri Ao o Tāne Overview	
4:15	Campbell Leckie Chair of Cape to City and Poutiri Ao o Tāne project team
4:45PM	DAY 1 CONFERENCE END

CONFERENCE PROGRAMME - DAY 2

WEDNESDAY 15 NOVEMBER

Each talk will include research and operational management perspectives on what the implications of research conclusions are on the ground.

ROOM	THE BALLROOM	
8:30	Bruce Clarkson University of Waikato Urban Restoration	
CONCURRENT SYMPOSIA		
	TOOLS and TECHNOLOGY	BIODIVERSITY and MONITORING
ROOM	THE BALLROOM	LARGE EXHIBITION HALL
9:00	Transformational levers - wireless trap monitoring <i>Bruce Warburton, Landcare Research and Campbell Leckie, Hawke's Bay Regional Council</i>	Responses of invertebrates and lizards to predator control <i>Al Glen, Landcare Research</i>
9:15		Invertebrate monitoring using conventional methods and eDNA <i>Corinne Watts, Landcare Research</i>
9:30	Low cost farmland predator control and the tools to achieve this <i>Pouri Rakete-Stones, Hawke's Bay Regional Council</i>	Response of birds to predator control using bird counts <i>John McLennan, Environmental Services</i>
9:50	Less traps but still delivering large scale success - optimising trapping <i>Andrew Gormley, Landcare Research</i>	Linking predator camera trap monitoring to biodiversity benefits <i>Grant Norbury, Landcare Research</i>
10:10-10:30AM	MORNING TEA - SMALL EXHIBITION HALL	
	TOOLS and TECHNOLOGY cont'd	BIODIVERSITY and MONITORING cont'd
10:30	A new way of trap data collection - trap.nz <i>Peter Handford, Groundtruth</i>	Lost in space ? Modeling scape use and dispersal of mammals in realistic landscapes <i>Audrey Lustig, University of Canterbury</i>
10:50	Long life lures - how close to reality for field use? <i>Patrick Garvey, Landcare Research</i>	The importance (and challenges) of translocations in restoring biodiversity: kiwi <i>John McLennan, Environmental Services</i>
		HABITAT and CONNECTIVITY
11:10	Developing use of PAPP to control feral cats on farmland <i>Al Glen, Landcare Research</i>	Joining the dots on habitat <i>Olivia Burge, Landcare Research Presented by Grant Norbury</i>
11:30	PANEL DISCUSSION Question and Answer Session: Practical implementation of large scale predator control <i>Campbell Leckie, Pouri Rakete-Stones, Phil Bell</i>	
12:00-12:50PM	LUNCH - SMALL EXHIBITION HALL	
CONCURRENT SYMPOSIA		
	PEOPLE and PESTS	HABITAT and CONNECTIVITY cont'd
12:50	Connectivity - An approach to Community-led Large Landscape Conservation <i>Eamon Nathan, Reconnecting Northland</i>	Manuka - plantations, trees for bees and UMF sampling <i>Stephen Lee, Manuka Farming</i>
1:10	Wild for Taranaki/Project Taranaki Mouna <i>Steve Ellis, Taranaki District Council</i>	Transforming a River <i>Pat Turley, Maraetōtara Tree Trust and Mark Roper, Cardno</i>

CONFERENCE PROGRAMME - DAY 2 CONTINUED

	PEOPLE and PESTS cont'd	ENGAGEMENT and MAORI
ROOM	THE BALLROOM	LARGE EXHIBITION HALL
1:30	Securing long term investment in predator control- what's the role of policy instruments like Regional Pest Management Plans? <i>Mark Mitchell, Hawke's Bay Regional Council</i>	The Uawanui Project at Uawa Tolaga Bay, Tairāwhiti <i>Alison Waru, Te Aitanga a Hauiti and Peter Handford, Groundtruth</i>
1:45	Using cameras for operational and compliance monitoring <i>Al Glen, Landcare Research</i>	Origins of Poutiri Ao o Tāne <i>Trevor Taurima, Maungaharuru Tangitu</i>
2:00	It's about people and outcomes - landowner participation modelling <i>Roger Pech, Landcare Research</i>	
		EDUCATION and ENVIRONMENT
2:30	PANEL DISCUSSION Question and Answer Session: Regional roll out of large scale predator control <i>Campbell Leckie, Roger Pech, Steve Ellis</i>	Education to normalise behaviours <i>Ruud Kleinpaste The Bug Man</i>
3:00-3:30PM	AFTERNOON TEA - SMALL EXHIBITION HALL	
CONCURRENT SYMPOSIA		
	PEOPLE and PESTS	EDUCATION and ENVIRONMENT
3:30	Economic outcomes of predator control <i>Bruce Warburton, Landcare Research</i>	Cape to City Education Programme Te Mata School
3:40		Insight into the team - Cape to City Case Study <i>Alison Greenaway, Landcare Research</i>
3:50	The problem with rabbits and other perverse outcomes <i>Andrea Byrom, Landcare Research</i>	
4:00		Cape to City and EIT <i>Jo Blakeley, Eastern Institute of Technology</i>
4:15	The importance of the right foundation for predator catch data now <i>Grant Norbury, Landcare Research</i>	Measuring Education Outcomes <i>Stephen Flood, Landcare Research</i>
4:30	He Kawa Ora - Restoration and Learning in the Taranaki Mouna Project <i>Jan Hania, Environmental Director NEXT Foundation</i>	
4:50	CLOSING ADDRESS <i>Reg Kemper</i> Chair of Cape to City and Poutiri Ao o Tāne Governance Group	
5:00	MIX AND MINGLE SESSION & DAY 2 CONFERENCE END	

CONFERENCE PROGRAMME - DAY 3

THURSDAY 16 NOVEMBER

FIELD TRIPS

	CAPE TO CITY	POUTIRI AO O TĀNE
8:30	Depart Napier	Depart Napier
	Te Mata Peak Cape to City footprint overview	Boundary Stream Waharoa and Kaka Aviary biodiversity restoration, rat control trial
	Te Awanga Downs low cost predator control tools, wireless monitoring, farming perspective	Lake Opouahi Pan Pac Kiwi Creche low cost predator control tools, wireless nodes, history of lake and the korero of the Wharewaka.
	Mohi Bush Research and monitoring stations, robin and tomtit translocation	
3:00	Arrive Napier	Arrive Napier
3:00	DAY 3 CONFERENCE END
